CHAPTER 2

Hi there! This is Aereus from Seizon Scans. I've been a fan of Yutaka Kashii's since coming across his doujins several years ago. This series is based on a similar concept and characters as the original doujins, so if you'd like to show support for the author, he has the digital version for sale on eBookJapan along with a one-shot compilation called GhoStop!

MajiTora! is published on a webmanga site called Minna@Comic. There aren't any compilation ebooks available for it yet, so the best way you can show your support is to create an account on MinComi and add it to your favorites. For the really dedicated, Weekly Rankings are based on the number of Likes each chapter gets. If you skim to the end of the chapter in the reader it brings up a window asking if you Liked it or not. Let's keep it at the top of the rankings!

I'll see about making a guide for MinComi navigation, but I'm sure even comments on the author's or MinComi's twitter @mincomi_jp would be appreciated. That's all for now, thanks for reading.

ANY OTHER CLOTHES YOU MAY WEAR AFTER THAT WON'T CHANGE.
